For inspirational al fresco dining

1 Paving

Global Stone Travertine paving in kale is a sophisticated looking natural stone paving, offering a smooth surface with a time worn edge. The warm colour is great for any garden and the smooth surface is ideal for outside catering and patio furniture. Travertine can be used for internal and external designs, making it a great choice for bringing the conservatory and garden areas together.

2 Outdoor Kitchen

Horsnell Ltd Builders has drawn on the inspirations of Pat Fox from Aralia Garden Design to develop the perfect al fresco dining design for a valued customer in Chelmsford. Pat Fox's award-winning Chelsea exhibit displayed the epitome of al fresco living by representing an outdoor kitchen. Horsnell will now recreate some of this design for its client and construct a new kitchen inside.

3 Barbecue

The barbecue shown here is the Weber Q220. This compact, powerful and versatile gas barbecue is the perfect addition to any outside catering experience. With it you will be able to create fantastic food, cooked to perfection every time. Add to this the handy rolling and folding cart, and it means you'll be able to use the Weber Q220 wherever and whenever the mood takes you.
