It's looking rosy for Pat

Pat Fox from Aralia Garden Design has just become a fully-fledged accredited member of The Society of Garden Designers.

Pat, who runs her garden design business from a studio at a picturesque thatched cottage at Hatfield Heath, is one of just 180 accredited members worldwide.

Pat is also expanding and has taken on a recently qualified student from Writtle College, Tristen Knight, on a full-time basis. One of Pat's most exciting current projects is the creation of a 13-acre landscape on a new country estate, St Clouds, that is near Down Hall Hotel by Hatfield Heath. You can contact Pat on 01279 730040 or view her website, www.aralia.org.uk.
